Hi Sonja...Thanks for sending the information packet...I hope it wasn't a pain. I wanted to give you the heads up on the Andrews case...it is coming up for trial next week on the 18<sup>th</sup>, but will first be sent to a trial session, which means it could be backed up behind other cases. Based on the schedule you sent me last month, it looks like you are occupied on the 19<sup>th</sup>. This case may start the middle to latter half of next week. Would that pose a problem? If it does, let me know...I'll work around any obligations you have.

Hope all is well. Thanks!

-Eileen

If by "the write-up on the underlying data associated with the analysis on this case" you mean a discovery packet, no problem. If not, let me know. I'll probably be able to get it done this morning and I shouldn't have any trouble faxing it to you (by first glance, it doesn't look like it will be that lengthy).

Hi Sonja,

This case is coming up for trial, but it probably won't be until after the July 4<sup>th</sup> week. Could you send me the write-up on the underlying data associated with the analysis on this case? The defense counsel asked for it, but very late...the judge was not happy with him but asked that I make an effort to get the documents as soon as I could. I think you faxed it to me the last time (#781-4745). I'll keep you posted on the next date. Thanks!

Hope all is well.

-Eileen
